

STANDARD DISPLAY BOOTH

note: inside dimensions, deduct 2"

Back wall height 8'0"
Side rail height 2' 10"

DEMONSTRATIONS OR ENTERTAINMENT

REGULATION:

Do not place your demonstration on the aisle line of your exhibit if you expect many people to congregate at one time. Leave space within your own exhibit area to absorb the majority of the crowd. Should spectators interfere with the normal traffic flow in the aisle or overflow into the exhibits of your neighbors on each side or across the aisle, the Show Management will have no alternative but to request that you limit or eliminate the presentation.

SOUND:

Police your own booth to be sure the noise level from any demonstrations or sound systems is kept to a minimum and does not interfere with others. Remember the use of sound systems or equipment producing sound is an exception to the rule, not a right. Show Management reserves the right to determine at which point sound constitutes interference with others and must be discontinued.

INTENT:

The aisles are the property of all the exhibitors; therefore each exhibitor has the responsibility to assure proper flow of traffic through the entire show. When large crowds gather to watch a demonstration or entertainment and interfere with the flow of traffic down aisles or create excessive crowds in neighboring booths, this is an infringement on the other exhibitors' rights. Aisles must not be obstructed at any time.
