DON'T MISS THIS FREE PROMO DEADLINE!

You know it. We know it. Your new products and technologies are the biggest reasons why thousands of full-time farmers travel to New York Farm Show from all over the Northeast and Canada. So help us help you boost your visibility at the 36th show — Feb. 24, 25 and 26, 2022 — **for free!**

As co-sponsor, *American Agriculturist* puts 39,000 copies of the official New York Farm Show program in the hands of all visitors — plus all farmers receiving the magazine. And, we feature them on the magazine's website. That's **triple coverage in advance!** Plus, we **quadruple coverage** with the NewYorkFarmShow.com website. Here's a sample of how we showcase new products and technologies.

'Max' your visibility

It's a great opportunity that's easy — and free. Just email details about your most important new product for the show on the accompanying sheet, plus a high-resolution (greater than 1 MB) color jpeg photo to chris.torres@farmprogress.com. **This must be the first time you're introducing that product at New York Farm Show.** Sorry, we can't print from product brochures.

28 NYES

New products waiting for you!

NEARLY 420 exhibitors will roll out a host of new equipment, plant products and technologies targeted to professional farmers and livestock producers at the New York Farm Show. Here are details, submitted by exhibitors, on a few items that may tickle your curiosity.

Print this article. Only products you're most interested in seeing, and bring your copy to the show. Exhibit locations are listed at the end of each item. The building number is: C7 (Center of Progress), H7 (Horticulture Building), I (International Pavilion), S (Dairy Building) and S (Dance Building).

Can't attend the show? Contact the person noted with the item or a local dealer for more information.

4x4 utility vehicle
Club Car's Coach 4x4e 4x4 utility vehicle features all-wheel-drive IntelliTrak, a

Available with a 20-hp Kawasaki gas or 20-hp Kubota liquid-cooled diesel. It also has a 1,000-pound load capacity. Contact: 409@hush.com, 813-543-5000. Booth: CP-11.

Adverse skid-steer wheels
Michelin Twest Technology has unveiled one new adverse radial for skid-steer loaders — a deep tread, all-terrain model

and a hard surface model for greater wear like on concrete and asphalt. Contact: Ray.Southern@aol.com, 864-270-4136. Booth: D-102.

Automatic feeding system
Lely's Vector automatic feeding system works 24/7 to get feed into feed troughs, silos or feed bins in front of dairy cows and heifers. It saves feed, 200 hours of labor and up to 1.20 gallons of diesel fuel per year for current users. Contact: Allred.Kamps@lely.com, 641-621-2700. Booth: HT-880.

Autosteer guidance
Ag Junction's xDrive X3 and xDrive X3 auto-drive guidance systems from Outlook Guidance provide consistent accuracy with wide compatibility for trac-

tors, sprayers and combines via hydraulic or electric steering interfaces. Contact: Adrian.Gramann@agjunction.com, 315-578-8887. Booth: CP-125.

Bunker cover and barrier
Poly Excel's Polyflex 2x1-102 barrier is a polyethylene-silage bunker cover with a designed-in oxygen barrier for on-crop installation. The oxygen barrier stops silage, separating it from the outer protective cover to produce higher-quality silage. Contact: Todd.Tonn@polyexcel.com, 612-280-8391. Booth: CP-176.

Calcium crop nutrient
Farming Solutions/AgriDynamics introduces CaSential, a calcium complex blend of potassium, boron, zinc and full mol. ocean water extracts, complex iron, molybdenum, and humic acids for foliar crop application to improve root and fruit development. Contact: Sonya.Konke@farming.com, 734-3918. Booth: D-720.

Calf milk taxi
CallStar Milk Taxi 3.0 makes calf feeding easier with larger tanks, new dispensing display, more storage, larger wheels, automatic cleaning and even LED driving lights for all-terrain dark feeding. Contact: Tom.Chen@callstar.com, 920-966-2383. Booth: HT-28.

Compact water drinker
DLS Farm Solutions' Normandy livestock waterer is made to fill with a mere push button or maintain a constant water level. The compact 180PE drinker can be installed with or without the stand to suit the animal type and size. Contact: Mark.Wiscott@dlssolutions.com, 215-666-1404. Booth: HT-231.

Crop sprayer
Iva Manufacturing's F1000 Series crop sprayer has a 1,000-gallon tank, 40-hp air-ride boom and a 100-gallon tank

system. It's equipped with Micro Trac or Topcon auto-rate chemical induction controls. Contact: Robert.Hick@ivamfg.com, 717-705-9747. Booth: D-550.

Cow monitoring system
Select One Power's Cow Manager is a continuous monitoring system using ear-tag

microchip technology to monitor activity, respiration and temperature, and then communicate that information via computer and smartphone. Contact: William.Fick@selectone.com, 802-238-0802. Booth: D-726.

Dairy waterbed
HyFlex Supply introduces Advanced Comfort Technology (ACT) waterbeds (BC), a premium water bed for dairy bedding.

System with two isolated chambers. One is for the cow's knees and hocks; the other is for her body. Booth: HT-613.

Diak mower-conditioner
Vermeer's M1300 mower-conditioner equipped with the all-new Q3 disk cutter bar reduces horsepower requirements. It

chines. Its continuously variable transmission syncs well with the 161-hp Tier 4 four-cylinder engine. Contact: Scott.Thayer@vermeer.com, 315-437-4171. Booth: CP-45.

High-density round baler
Muhle Brothers introduces the Koonen Compensa round baler, which eliminates the need for a cam track. The P1500C features the EasyFlow pickup that's 20% faster. Its NewWay divider tears up rubber-treated fabric bales with horizontal slots with dramatically higher ball diameter. 4 feet wide and up to 60 inches high. Contact: Paul.Muhle@vermeer.com, 315-667-7891. Booth: HT-45.

Italian ryegrass
King's AgBreeds introduces Kingfisher Alpine Italian ryegrass, a nitrogen-efficient blend. Spring-seeded, it can produce several cuttings of high-quality forage. An organic option is available. Contact: Rod.Purser@kingagbreeds.com, 717-667-6224. Booth: D-720.

LED light fixture
Orion Energy Systems' energy-saving Ag LED Light Fixture is IP68-rated and UL-listed to withstand demanding interior environments. With up to 283,000 hours of use and 50% energy savings, it's ideal for livestock barns and milking parlors. Contact: Richard.Hill@orionenergy.com, 855-836-2577. Booth: S-120.

drugging it. Booth: S-80C.

Ground-tracking loader
Porter's RT5-547 loader puts four Dyna-Trac tires to highly productive work with perfect ground tracking and load pro-

section of the sword and forge. Its jockey wheel can be tilted forward, backward, left or right. Contact: Salvatore.Hunkewicz@portermachinery.com, 218-555-5533. Booth: HT-147.

Heavy-duty wheel loader
Tracy Road Equipment introduces the Loader 545, a wheel loader using 20% less diesel fuel than comparable ma-

Diak mower-conditioner
Vermeer's M1300 mower-conditioner equipped with the all-new Q3 disk cutter bar reduces horsepower requirements. It

Double-chain conveyor idler
Kelly Manufacturing's double-chain poly conveyor now has a spring-loaded idler end. It's designed to last a lifetime with minimal manual adjustment. Contact: Terry.Wright@kellymfg.com, 920-832-2045. Booth: CP-231.

Front-mounted hay rake/merger
ROC SLE's RT800 merger can be front-mounted on a tractor or winchover and can change operating width from 19 feet

to 27 feet on the go, thanks to a double hydraulic rock arm system. Unlike a rake, the merger conveyor lifts hay instead of

Send your new product info to us **no later than Tuesday, Dec. 7.** Submit them now — long before the Christmas rush arrives. One crucial tip: If you pass this up through your corporate channels, make sure your marketing communications lead delivers it. See you at New York Farm Show!
