DON'T MISS THIS FREE PROMO DEADLINE!

You know it. We know it. Your new products and technologies are the biggest reasons why thousands of full-time farmers travel to New York Farm Show from all over the Northeast and Canada. So help us help you boost your visibility at the 36th show — Feb. 24, 25 and 26, 2022 — **for free!**

As co-sponsor, *American Agriculturist* puts 39,000 copies of the official New York Farm Show program in the hands of all visitors — plus all farmers receiving the magazine. And, we feature them on the magazine's website. That's **triple coverage in advance!** Plus, we **quadruple coverage** with the NewYorkFarmShow.com website. Here's a sample of how we showcase new products and technologies.

'Max' your visibility

It's a great opportunity that's easy — and free. Just email details about

your most important new product for the show on the accompanying sheet, plus a high-resolution (greater than 1 MB) color jpeg photo to chris.torres@farmprogress.com. **This must be the first time you're introducing that product at New York Farm Show.** Sorry, we can't print from product brochures.

Send your new product info to us **no later than Tuesday, Dec. 7.** Submit them now — long before the Christmas rush arrives. One crucial tip: If you pass this up through your corporate channels, make sure your marketing communications lead delivers it. See you at New York Farm Show!

New products waiting for you!

NEARLY 600 exhibitors will roll out a host of new equipment, plant products and technologies targeted for Northeast farmers and livestock producers at the New York Farm Show. Here are details, submitted by exhibitors, on a few items that may tickle your curiosity.

Print this article. Circle products you're most interested in seeing, and bring your copy to the show. Exhibit locations are listed at the end of each item. The building codes are: CP (Center of Progress), HF (Horticulture Building), I (International Pavilion), D (Dairy building) and S (Diverse building).

Can't attend the show? Contact the person listed with the item or a local dealer for more information.

4wd utility vehicle
Clay Car/Star Sales' 4x4 utility vehicle features all-weather tread tires.

4wd utility vehicle
Available with a 20-hp Kawasaki gas or 20-hp Kubota liquid-cooled diesel, as well as a 1,200-pound load capacity. Contact: Kip Walsh, 314-438-5902. Booths: CP48.

Airless skid-steer wheels
Michelin's Level Technology has whetted out a new airless radial for skid-steer loaders — an deep tread, all-terrain model

Compact water drinker
D.L. Barn Solutions' Normandy livestock waterer is made to fit with a more push tube or maintain a constant water level. The compact HFPE waterer can be installed with or without the stand to suit the animal type and site. Contact: Mark Woodcutt, 314-966-1484. Booths: HF321.

Crop sprayer
Jm Manufacturing's F1800 Series crop sprayer has a 1,000-gallon tank, 60-inch-wide boom and a 100-gallon rise

Autonomous guidance
Ag Junction's e-Drive 3D and e-Drive XC autonomous guidance systems from Outlook Guidance provide centimeter accuracy with wide compatibility for trac-

ers, sprayers and combines via hydraulic or electric steering interfaces. Contact: Adrian Gramann, 315-759-8987. Booths: CP-123.

Bunker cover and barrier
Poly Guard's Polyflex S16112 barrier is a polyethylene stage bunker cover with a long-span oxygen barrier for on-site installation. The oxygen barrier clings to stage, separating it from the protective cover to produce high-quality silage. Contact: Eddie Toms, 612-280-8391. Booths: CP178.

Calcium crop nutrient
Farming Solutions, Agi-Dynamics introduces Cal-Sentinel, a calcium complex blend of geosilicic limestone, kelp and fish meal, ocean water extracts, compost tea, molasses, and humic acids for fuller crop application to improve root and fruit development. Contact: Tony Kunkle, 565-734-3018. Booths: S729.

Calf milk taxi
Call Star's Milk Taxi 3.0 makes calf feeding easier with larger tanks, new dispensing display, more tanks, larger wheels, automatic chaining, and even LED feeding lights for after-dark feeding. Contact: Tom Olson, 203-886-2485. Booths: HF28.

Compact water drinker
D.L. Barn Solutions' Normandy livestock waterer is made to fit with a more push tube or maintain a constant water level. The compact HFPE waterer can be installed with or without the stand to suit the animal type and site. Contact: Mark Woodcutt, 314-966-1484. Booths: HF321.

Crop sprayer
Jm Manufacturing's F1800 Series crop sprayer has a 1,000-gallon tank, 60-inch-wide boom and a 100-gallon rise

Autonomous guidance
Ag Junction's e-Drive 3D and e-Drive XC autonomous guidance systems from Outlook Guidance provide centimeter accuracy with wide compatibility for trac-

microchip technology to monitor activity, rumination and temperature, and then communicate that information via computer and smartphone. Contact: William Flick, 802-226-0622. Booths: S278.

Dairy waterbed
Ryder Supply introduces Advanced Center Technology (ACT) waterbeds, a premium water bladder dairy bedding

Ground-tracking loader
Ponteringer's HT4.5ST loader puts four Dynastone tires to highly productive work with perfect ground tracking and ideal pro-

Heavy-duty wheel loader
Tracey Road Equipment introduces the LaBriere 542, a wheel loader using 25% less diesel fuel than comparable ma-

High-density round baler
Maize Brothers introduces the Krone Centurion round baler, which eliminates the need for a turn track. The F155X features the EasyFlow pickup that's 30% faster. Its Nowe-Grip elevator beams up rubber-treated fabric belts with horizontal slats to roll dramatically higher bale densities 4 feet wide and up to 60 inches high. Contact: Paul Maize, 314-682-7891. Booths: HF45.

Italian reggrass
Killy AgRebels introduces Kingfisher Allpro Italian reggrass, a tetraploid diploid blend. Spring-seeded, it can produce several cuttings of high-quality forage. An organic option is available. Contact: Rod Porter, 714-687-6224. Booths: D-2225.

LED light fixture
Orion Energy System's energy-saving AG LED light fixture is a non-vented, non-dimming interior emergency lighting. With up to 265,000 hours of use and 50% energy savings, it's ideal for livestock barns and milking parlors. Contact: Richard Hill, 855-836-2577. Booths: A33.
